Men Who Manufacture Misery.

The disgruntled man, the man who is mlky and dissatisfied under all conditions and circumstances, is to be found everywhere. Even at the sea side where he has gone for rest and recreation you'll find him surly and sulky, grumbling at the weather, the people, the hotel accommodations, the board, and isage checks the flow of talk at the table, and hushes the prattle of playing THE WEEKLY JOURNAL-MINER is onblished children. Now and again one gossip every Vedecaday, at PRESCOTT, the county Seat of Yavapai County. must be out of order." says, "Perhaps he's suffering from kid-ney trouble." And a majority incline to opinion that it's "just dyspepsia."

right. His liver is sluggish. His kidneys are disordered. His blood is necessarily poisoned, by accumulations of effete matter. And last of all his stomach is

lied organs of digestion and nutrition are "weak" and cannot supply adequate nutrition for the needs of the body. How do we know this? Because in so many cases, persons who had suffered with disease of heart, liver, lungs, kidnevs, etc., have found these diseases entirely cured, when Dr. Pierce's Golden Medical Discovery has cured diseases of the stomach and the other organs of di-I was afflicted with what the doctors

called nervous indigestion. Took medicine from my family physician to no avail. In looking over one of Doctor Pierce's Memorandum Books," writes Mr. Thus. G. Lever, of Lever, Richland Co., S. C., "I found my case described exactly. I wrote to you and made a statement. You sent me a descriptive list of questions, also hygienic rules. I carried these out as best I could, but thought myself incurable as I suffered so much with pain under my ribs and an empty feeling in my stomach. At night would have cold or hot feet and hands alternately. I was getting very nervous and suffered a great deal mentally, thinking that death would soon claim me. Alays expected something unusual to take place; was irritable and impatient and greatly reduced in flesh. I could scarcely eat anything that would not produce a bad feeling in my stomach. some hesitation, owing to my prejudices against patent medicines, I decided to try a few bottles of Doctor Pierce's Golden Medical Discovery and 'Pellets.' After taking several bottles of each, found I was improving. I con-

and strong. I fully believe if any one suffering with indigestion or torpid liver or chronic cold should take Dr. Pierce's

Golden Medical Discovery and 'Pleasant Pellets' and observe a few simple hy gienic rules they would soon be greatly benefited, and with a little perseverance would be entirely cured."

THE SCHOOL-BOY'S POCKET is notorious for the miscellany it contains. Tops, string, apples, marbles, chewing gum, nails, jack-stones, are all mixed in one confused mass. What would be said of one who used that pocket which we call the stomach for such a heterogeneous collection of ma-terials? This is done not alone by the human ostrich at the circus, but by thou-sands of good people who do not consider the relation of the stomach to the other organs of the body. The purpose of eating is to provide nutrition for the body.

But how many people think of the nutri-tive value of the food they eat? For the most part the choice of food is made to please the palate. The palate is a creature of education. that the stomach has to thresh a great quantity of straw to obtain White Cap.

cheaply than this group of mines. THE BOOD HEALTHY OR DISEASED

When there is a natural and healthy circulation of the blood, the entire quantity, estimated at one-eighth the weight of the body, passes through the heart every five minutes. This rapid flow of the blood through the system prevents the entrance of disease germs and impurities of every description. It filters out all that is not necessary or good for the growth and development of the body and nourishing and strengthening the muscles, tissues, nerves and bones. But, unfortunately, few persons can rightly claim an absolutely pure blood supply and perfect and unpolluted circulation, and in consequence are exposed to innumerable diseases. Contagious Blood Poison, the greatest enemy to mankind, enters the system through the blood, and Cancer, Scrofula, Rheumatism, Catarth, Eczema, Salt Rheum, Esoriasis, Tetter—in fact the majority of human ailments—are caused by Two teams loaded with machinery and one loaded with lumber pulled out for Lynx creek yesterday. Their Clarence L. Barker, general manager destination was a mine being opera-

Rheum, I soriasis, Tetter—in fact the majority of human ailments—are caused by poisons or humors that are engandered and fostered in a sluggish and impoverished blood. Old sores, chronic ulcers and rheumatic pains are common, especially among old people, whose blood naturally grows thin and pale because of the lack of the red corpuscles that give color and strength to youthful blood. Sallow complexions and rough, oily skins evidence some constitutional or blood trouble, which salves, lotions, powders nor any extend treatment on cure. Diseases that originate in the blood, whether they mannest themselves as ulcers, tumors, itching eruptions, muscular or bone pains, require a tonic and blood purifier such as S. S. S., which not only antidotes and neutralizes blood yet sons and humors, but possesses health-giving tonic proper-J. L.
